Palmer House Productions — Master Brand

Brand Identity

Tagline: We translate chaos into clarity.

Palmer House Productions is a translation company disguised as a creative studio. We use video, content, and AI-powered tools to convert messy thoughts, scattered ideas, and business chaos into clear messages and systems that actually work.

Target Audience

Small-to-mid-size business owners who know they need video and content but feel overwhelmed by the process. Founders, operators, and marketing leads who want a strategic partner, not just a videographer.

The 7 House Rules

- Every piece of content must solve a real problem.
 - Clarity over cleverness, always.
 - If you can't explain it simply, you don't understand it well enough.
 - We film with intention, never just to fill a feed.
 - Honesty builds trust faster than polish.
 - Systems beat inspiration. Build once, use forever.
 - Your audience is smarter than you think. Respect them.

Voice & Tone

Do This

- ✓ Speak like a smart friend who happens to be an expert.
- ✓ Use plain language. If a 10th grader can't understand it, rewrite it.
- ✓ Lead with the problem, then offer the solution.

Don't Do This

- ✗ Don't use jargon to sound impressive (no 'synergy,' 'leverage,' 'disrupt').
- ✗ Don't be sarcastic or condescending—be direct but kind.
- ✗ Don't oversell. Let the work speak. Confidence, not hype.

Example Sentences

“You don't need more content. You need the right content, in the right order, doing the right job.”

“We don't make videos. We build systems that happen to use video.”

“If your team keeps asking the same question, you don't have a people problem—you have a content problem.”

“Every video we make solves a problem. If it doesn't, we don't make it.”

“We're not here to make you go viral. We're here to make sure you never have to repeat yourself again.”
